

Pre-Operative Instructions:

The drop off time at the clinic is as follows:

Dogs: 8:00 to 8:30

Cats: 8:30 to 9:00

For the safety of all of our clients and pets, please leave your pet in your vehicle until after you have checked in and completed the admission paperwork. All dogs must be on a leash or in a carrier. All cats must be in separate carriers. Cardboard carriers may be purchased for \$5.00 (you must purchase these before your appointment date).

Adult dogs and cats cannot have any food after midnight the night before surgery. You should keep your pet indoors the night before surgery to insure it does not ingest anything.

Rabies Vaccines are required by Virginia Law. If your animal has not been previously vaccinated or lacks proof of vaccination, you are required to get the rabies vaccination for your pet.

Please let us know if your pet is on any medications or has been in the last 2 weeks. Also, please let us know if your pet has any medical issues.
