

Beginning October 5th ALL Lynchburg Humane Society adopted pets will come DIRECTLY to the clinic at 29 Mortimer Drive, Evington VA

Dog drop-off is 6:30am-7:30am under the lighted tent and pick-up is at 2pm the same day.

Cat drop-off is 7:00am-8:00am, under the lighted tent and pick-up is at 3:30pm.

Please remember no food after midnight prior to surgery and no water after 6am day of surgery

Your pick-up time will be verified at drop-off as these are subject to change. Please let us know if you need a different time and we will be more than happy to work with you

It is imperative that you let us know of any and all medical conditions your pet is currently experiencing or has a history of. This also includes a complete list of current medication with dosage information. This allows us to make an informed decision regarding your pet's best care.

Current rabies vaccines are required before your pet leaves. We must have your current rabies certificate if your pet is vaccinated. You can bring this with you the day of surgery or email it to [spayneuter@lynchburghumane.org](mailto:spayneuter@lynchburghumane.org). If your pet does not have a current rabies vaccine, one will be given for an additional charge of \$15.00 (this is covered by the adoption fee for LHS adopted pets).

Payment is taken in the morning, cash or card only.

All dogs must be on a leash for their safety and all cats must be in individual carriers.

Thank you,
